

# Fellow Grade Requirements

## Requirements:

All applicants for Fellow must have been a Member (MIFireE) of the IFE for a minimum of three continuous years.

Two completed Referee Statements from current FIFireE members.

Your CV or detailed biography – please also ensure that information is included on recent activity from the last two years.

At least 2 years of sufficient and relevant Continuing Professional Development (CPD). Applicants are required to submit a CPD Log with their application.

Please refer to the CPD Guidance document and Recognised CPD Activity Listing to record CPD activities.

A Personal Statement of around 500 to 750 words using the below headings as a guide:

- Why you feel you should be approved as a Fellow of the IFE.
- What you have contributed to the IFE during your time as a member. Include details of any volunteer work you carry out for the IFE (e.g. marking and branch activities).
- What you will contribute to the IFE during your time as Fellow.
- Demonstrate your significant individual responsibility and exceptional contribution to the fire engineering profession over an extended period of time, not normally less than 15 years.

A copy of a current organisation chart which shows where you are placed within your organisation.
